## FAQs

What is your policy on catering and alcohol?

We allow any licensed caterer. Alcohol must be secured through your caterer or My Private Bartender. For catering recommendations, please see our preferred vendor list.

What about parking?

There are 19 spaces available onsite. Additional free parking is available on High Street and Woodland Ave. No parking other than load in/out is allowed in the public alley behind the building.

Can we bring in our own decor?

While we recommend working with a licensed decorator for your event, you may bring in decorations. Only licensed professionals are allowed to mount or hang decor from the ceilings. All decor must be removed at the end of the rental period.

Can we have live music?

We do allow live music as long as all local sound ordinances are adhered to. The equipment may be loaded in through our loading doors on the West side of the building.

Are tables and chairs provided with the space rental?

No. We do not provide tables and chairs with rental for banquet seating. We have minimal furniture available that is included in pricing info above. Additional furniture can be brought in by a licensed vendor using our loading doors on the WestSide of the building, or parking lot level.
